Candidates for director nominees will be assessed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of shareholders. The Committee has not established a set of specific, minimum qualifications for director candidates, but in conducting its assessment, the Committee will consider such factors as it deems appropriate given the current needs of the Board and the Company. In the case of incumbent directors, the Committee will review each director's overall service to the Company during his or her term in deciding whether to renominate the director.

- the consent of the director candidate to serve as a director of the Company if nominated and elected.

The Nominating and Corporate Governance Committee may refuse to consider the recommendation of any person not made in compliance with this procedure.

The Compensation Committee presently includes Messrs. Gregory (Chairman), A. Frank Hooker, Jr., Schreiber, Walker and Williamson. During fiscal 2004, the Committee consisted of Messrs. Alan D. Cole (Chairman from January 14, 2004 through March 8, 2004), Irving M. No member of the Compensation Committee may be a current employee of the Company. Each current member of the Compensation Committee is independent as defined by applicable NASDAQ listing standards. The Board of

Directors has adopted a written charter for the Compensation Committee, a current copy of which is available on the Company's Web site at www.hookerfurniture.com. The Compensation Committee Report on Executive Compensation begins on page 9.

Audit Committee

The Audit Committee, which presently consists of Messrs. Beeler (Chairman), Schreiber, Taylor and Williamson:

- approves the appointment of an independent registered public accounting firm to audit the Company's financial statements and internal control over financial reporting;
- reviews and approves the scope, purpose and type of audit and non-audit services to be performed by the external auditors; and
- oversees the accounting and financial reporting processes of the Company and the integrated audit of the Company's annual financial statements and internal control over financial reporting.

The Board of Directors has adopted a written charter for the Audit Committee, a current copy of which is included as Appendix A of this proxy statement and is available on the Company's Web site at www.hookerfurniture.com. The Report of the Audit Committee is set forth below. Each member of the Audit Committee is independent as defined by applicable NASDAQ listing standards. The Company's Board of Directors has determined that each of Messrs. Beeler and Williamson is an "audit committee financial expert" for purposes of the SEC's rules.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements for the fiscal year ended November 30, 2004 with management, including a discussion of the quality and acceptability of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee discussed with the independent auditors, who are responsible for expressing an opinion on conformity of those audited financial statements with generally accepted accounting principles, the independent auditors' judgments as to the quality and acceptability of the Company's accounting principles and such other matters as are required to be discussed with the independent auditors under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and letter from the independent auditors to the Committee required by Independence Standard Board Standard No. 1. The Committee has also considered whether the provision of non-audit related services by the independent auditors is compatible with maintaining the independent auditors' independence and found it to be acceptable.

The Committee met with the Company's independent auditors, with and without management present, and discussed the overall scope of their audit, the results of their examination, their evaluation of the Company's internal control and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended November 30, 2004 for filing with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Securities Exchange Act of 1934 requires the Company's executive officers and directors, and any persons owning more than 10% of the Common Stock, to file certain reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely on its review of the copies it has received of the Forms 3, 4 and 5 filed during or with respect to the fiscal year ended November 30, 2004, and written representations from certain reporting persons that no Forms 5 were required to be filed by those persons for that fiscal year, the Company believes that all executive officers, directors and 10% shareholders complied with such filing requirements, except that Irving M. Groves, a former director, was late in reporting one holding of shares on his Form 3.

Supplemental Executive Retirement Plan

The Company provides a supplemental executive retirement plan for Messrs. Toms, Williams, Ryder and Spece, as well as certain other executives of the Company. This plan provides a monthly supplemental retirement benefit equal to 40% of the executive's final average monthly compensation, payable for a 15-year period following the executive's termination of employment. Final average monthly compensation means the average monthly base salary and any bonuses paid to the executive during the five-year period prior to his termination of employment with the Company. An executive becomes vested in 75% of the monthly supplemental benefit if the executive remains continuously employed with the Company until attainment of age 60, and is vested in additional 5% increments for each subsequent year that the executive remains continuously employed with the Company. Executives who remain continuously employed to age 65 become fully vested in their monthly supplemental benefit. However, Mr. Spece will become fully vested if he remains continuously employed until he reaches age 60. In addition, the monthly retirement benefit for each participant in the plan, regardless of age, will become fully vested and the present value of all plan benefits will be paid to participants in a lump sum upon a change in control of the Company (as defined in the plan).

The estimated annual benefit payable upon retirement at normal retirement age (assuming full vesting) to each of the named executive officers who participates in the supplemental executive retirement plan is set forth below:

	<u>Estimated Annual Retirement Benefit*</u>
Paul B. Toms, Jr.	\$ 262,558
Douglas C. Williams	199,151
E. Larry Ryder	159,331
Michael P. Spece	176,396

* Calculated based on historical average salary and bonus amounts for the five-year period ending November 30, 2004. Actual benefits would be calculated based on the five-year period prior to termination of employment with the Company.

Executive Life Insurance Program

The Company provides an executive life insurance program for Messrs. Toms, Williams, Ryder and Spece, as well as certain other executives of the Company. This life insurance program provides a death benefit of \$1.5 million if the executive dies on or before his 60th birthday, and a \$1 million death benefit if he dies after his 60th birthday but on or before his 65th birthday. The life insurance benefit automatically terminates when the executive terminates employment with the Company for any reason other than death or when he attains age 65, whichever occurs first. The life insurance policies funding the new life insurance program are owned by the Company.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During the Company's fiscal year ended November 30, 2004, the Compensation Committee included Messrs. Gregory (effective January 14, 2004 and Chairman effective July 1, 2004), Cole (Chairman from January 14, 2004 through March 8, 2004), Groves (Chairman through January 14, 2004 and again effective March 8, 2004 through July 1, 2004), A. Frank Hooker, Jr., J. Clyde Hooker, Jr. (through February 23, 2004), Schreiber (effective June 1, 2004), Walker, and Williamson (effective September 1, 2004). A. Frank Hooker, Jr. was an officer of the Company until his retirement in May 1999 and J. Clyde Hooker, Jr. was an officer of the Company until his retirement in December 2000.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") is composed exclusively of non-employee, independent directors. The Committee is authorized to establish general principles for compensating the Company's executives, including the executive officers listed in the Summary Compensation Table at page 7 of this proxy statement. The Committee adopted a charter in 2004 which reflects the Committee's various responsibilities, which include the implementation and administration of an overall executive compensation program. Prior to adoption of the charter, compensation determinations made by the Committee were also subject to approval of the entire Board. The Committee meets at scheduled times throughout the year.

General Compensation Philosophy

The Committee believes that a compensation program should help attract and retain highly qualified executives who will contribute significantly to the success of the Company. The Committee further believes that a compensation program should motivate executives to achieve the financial and other goals inherent in the Company's business strategy, and should link the elements of compensation to both individual performance and to the Company's financial performance.

In accordance with this philosophy, the Committee has developed a compensation program that is based on three primary elements:

- annual base salary,
- an annual performance-based bonus and
- supplemental retirement and life insurance benefits.

Each element was reviewed by the Committee in setting compensation for the Company's executives for 2004, as discussed below.

Base Salary and Annual Bonus Opportunity

In setting base salaries and the annual bonus opportunity for 2004, the Committee adopted a process similar to that used for prior years. First, the Committee considered a proposal by management. The Committee then reviewed management's recommended salaries and bonuses in light of compensation data for the furniture industry, as reported in a published survey. The survey analyzed cash compensation levels for executive positions identical to or similar to the positions held by the Company's senior executives for a range of companies in the furniture industry, including both public and privately-held companies. The Committee determined that it was appropriate to utilize this survey since the Company's most direct competitors for executive talent are generally those companies included in the survey. The companies covered by the survey are not identical to the group of companies which comprise the peer group index in the Performance Graph on page 12 of this proxy statement.

The Committee also considered the appropriate structure for the annual bonus opportunity. As for prior years, the Committee concluded that the annual bonus opportunity for each executive should be linked to the Company's annual pre-tax earnings. Under the program approved by the Committee, annual pre-tax earnings had to exceed a specified dollar threshold before executives would be eligible for any bonus. If the threshold was met, each executive would be eligible for a bonus that was directly linked to the amount of annual pre-tax earnings in excess of the threshold. The Committee determined that this structure provided appropriate incentives to increase Company profitability.

The Chief Executive Officer's base salary and annual bonus opportunity for 2004 was determined on a combined basis. Under this approach, the salary recommended by management was combined with the bonus that Mr. Toms would receive based on earnings projections, to develop an amount of total cash compensation. This amount was compared to the total cash compensation of chief executives of similarly-

sized companies, as reported in the industry compensation survey. The Committee determined that the salary proposed by management for Mr. Toms should be increased slightly so that his total cash compensation would place him in the top quartile of total cash compensation for chief executive officers of companies similar in size to the Company. The Committee determined that this level of total cash compensation was appropriate in light of the Company's strong financial performance in 2003, which included outperforming its peers in measures such as return on assets, return on equity, gross margin, and increase in net income percentage. The Committee also determined that Mr. Toms' compensation was appropriate in light of his individual performance during 2003, which included maintaining positive customer relations, capitalization on profitable industry trends and implementing important cost savings.

A similar approach was used for setting the total cash compensation for the Company's other executives. The Committee generally accepted the management's salary and annual bonus opportunity recommendations for those executives, but made certain adjustments for some executives as it determined to be appropriate.

The Board approved the base salaries and annual bonus opportunities established by the Committee for Mr. Toms and the Company's other senior executives.

Salary Continuation and Life Insurance Programs

At the end of 2003, the Committee undertook a review of the salary continuation program and executive life insurance benefits in place for certain of the Company's executives, including Messrs. Toms, Williams, Ryder and Spece. The review was undertaken in response to regulatory changes affecting executive life insurance programs, and to determine whether these programs were appropriately tailored to achieve the goal of retaining key executive talent.

The Committee reviewed a proposal to change the benefit under the salary continuation program from a flat dollar amount payable for 10 years following retirement, to a percentage of final average compensation payable for 15 years following retirement, coupled with a requirement that the executive work to age 60 in order to obtain a vested right to such benefits. The Committee also reviewed a proposal to change the life insurance program to only provide death benefits if the executive died before retirement, and to have that coverage terminate when the executive's employment terminated. In considering these changes, the Committee reviewed their impact on executives' total projected retirement and life insurance benefits, their cost to the Company and their ability to enhance executive retention. The Committee determined that the changes would enhance executive retention at a reasonable cost to the Company and recommended to the Board that the changes be adopted. The Board adopted the changes, which are discussed in greater detail at page 8 of this proxy statement.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally prohibits the Company from deducting compensation of over \$1 million that is paid in any taxable year to the Company's Chief Executive Officer or to any of the other four most highly compensated individuals who are executive officers at the end of the year. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The types of incentive awards authorized under the proposed 2005 Stock Incentive Plan generally would constitute qualified performance-based compensation and, as such, would be exempt from the \$1 million limitation on deductible compensation if the plan is approved by the Company's shareholders. See page 14 of this proxy statement for a description of the 2005 Stock Incentive Plan.

Compensation levels for each of the Company's executive officers currently are well below the \$1 million threshold. However, the Committee will consider the potential application of the deduction limit when structuring compensation components in future years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On January 2, 2003, the Company, through its wholly owned subsidiary B-Y Acquisition LLC, acquired substantially all of the assets of Bradington-Young, LLC, a North Carolina-based manufacturer of upscale leather reclining chairs, executive desk chairs and motion and stationary upholstery in the upper-medium to high-end price niches ("Bradington-Young NC"). Following the acquisition, B-Y Acquisition LLC changed its name to Bradington-Young, LLC ("Bradington-Young VA"). C. Young serves as an independent commissioned sales representative for Bradington-Young VA on the same terms as the Company's other independent commissioned sales representatives. He earned \$386,124 in commissions in fiscal 2004. Both Craig S. Young and Clarke S. Young are expected to continue to serve in these capacities during fiscal 2005.

PROPOSAL TO APPROVE THE 2005 STOCK INCENTIVE PLAN

The Board has adopted the Hooker Furniture Corporation 2005 Stock Incentive Plan (the "Stock Incentive Plan"), and is recommending that shareholders approve the Stock Incentive Plan at the Annual Meeting. The Stock Incentive Plan is integral to the Company's compensation strategy and programs. The Board believes that the Stock Incentive Plan will help the Company recruit, motivate and retain the caliber of employees and outside directors essential to the Company's success, and will further align the interests of those employees and outside directors with the interests of the Company's shareholders.

In addition, the Compensation Committee has determined that the addition of equity-based compensation to the Company's existing compensation program will provide long-term incentives that will complement the short-term incentives inherent in the Company's performance-based annual bonus program, as described in the Compensation Committee's report beginning on page 9 of this proxy statement. If shareholders approve the Stock Incentive Plan, the Committee will be able to develop equity-based compensation incentives which further align executive compensation with the long-term interests of the Company's shareholders.

The Stock Incentive Plan will permit grants of restricted stock, restricted stock units, stock appreciation rights and performance grants. Shareholder approval of the Stock Incentive Plan will permit performance-based awards, as discussed below, to qualify for deductibility under Section 162(m) of the Internal Revenue Code.

Awards and grants under the Stock Incentive Plan are referred to as "Incentive Awards." Those persons eligible to receive Incentive Awards under the Stock Incentive Plan are referred to as "Participants." Participants include all present and future employees of the Company and its subsidiaries.

A discussion of the material features of the Stock Incentive Plan follows. You also should read the full text of the Stock Incentive Plan, which is attached to this proxy statement as Appendix B. The following summary is qualified in its entirety by reference to the full text of the Stock Incentive Plan.

Administration of the Plan. The Stock Incentive Plan will be administered by the Compensation Committee (for purposes of this summary, the "Committee"). The Committee will have full authority, subject to the provisions of the Stock Incentive Plan to, among other things, determine the employees to whom Incentive Awards will be granted, the types of Incentive Awards to be granted, the number of shares to be made subject to Incentive Awards, the exercise price and other terms and conditions of the Incentive Awards and to interpret the Stock Incentive Plan. The Committee may prescribe, amend and rescind the rules and regulations relating to the Stock Incentive Plan, and may delegate certain administrative powers to officers of the Company. In no event, however, may the Committee delegate its authority to grant Incentive Awards. It is intended that the members of the Committee be "non-employee directors" within the meaning of Section 16 under the Securities Exchange Act and "outside directors" within the meaning of Section 162(m) of the Code, and meet other applicable requirements established by NASDAQ.

Eligibility. All present and future key management employees of the Company and its subsidiaries are eligible to receive Incentive Awards under the Stock Incentive Plan if the Committee determines that they have contributed, or can be expected to contribute, significantly to the Company or any of its subsidiaries. The

Committee has the power and complete discretion to select eligible key management employees to receive Incentive Awards and to determine the type of award and its terms and conditions.

In addition, each member of the Board who is not otherwise an employee of the Company or any of its subsidiaries (an "Outside Director") will be eligible to receive restricted stock in accordance with the terms of the award program for Outside Directors, as described below. Outside Directors are not eligible to receive any other type of Incentive Award under the Stock Incentive Plan.

Approximately 50 employees and six Outside Directors are eligible to receive awards under the Stock Incentive Plan.

Stock Available for Incentive Awards. A maximum of 750,000 shares of the Company's common stock ("Company Stock") will be available for issuance under the Stock Incentive Plan, subject to adjustment upon the occurrence of any stock dividend or other distribution, stock split, merger, consolidation, combination, share repurchase or exchange or other similar corporate transaction or event. In addition, no more than 75,000 shares of Company Stock may be allocated to the Incentive Awards that are granted during any single taxable year of the Company to any individual Participant who is an employee of the Company or any of its subsidiaries.

Shares covered by an Incentive Award granted under the Stock Incentive Plan will not be counted as used under the Stock Incentive Plan unless and until they are actually issued and delivered to a Participant. However, in no event during the term of the Stock Incentive Plan will the total shares covered by outstanding Incentive Awards exceed the total shares then available for issuance under the Stock Incentive Plan. Shares of Company Stock allocable to Incentive Awards that terminate, lapse or are forfeited for any reason will again be available for grant under the Stock Incentive Plan. In addition, shares of Company Stock that are retained by the Company to pay applicable tax withholding on an Incentive Award, and shares allocated to an Incentive Award that is settled in cash also will be available again for grant under the Stock Incentive Plan. Finally, shares covered by a stock appreciation right will be counted as used only if the shares are actually issued to the Participant.

The Company's common stock is traded on the NASDAQ SmallCap Market. The last reported sales price of the Company's common stock on February 15, 2005, was \$25.34.

Types of Incentive Awards That May Be Granted Under the Plan. The following types of Incentive Awards may be granted under the Stock Incentive Plan:

Stock Appreciation Rights. The Committee may award stock appreciation rights. A stock appreciation right entitles the Participant to receive shares of Company Stock equal in value to the excess of (i) the fair market value on the date of exercise of Company Stock covered by the surrendered stock appreciation right over (ii) the fair market value of Company Stock on the date the stock appreciation right was granted (the exercise price of the stock appreciation right). The exercise price of a stock appreciation right must be at least 100% of the fair market value of Company Stock on the date that the stock appreciation right is granted. Stock appreciation rights will, when exercised, be paid in shares of Company Stock.

Restricted Stock Awards. The Committee may grant restricted stock under the Stock Incentive Plan, which will be Company Stock subject to certain terms and conditions. The Participant will not be able to sell or transfer the restricted stock until the restrictions stated in the award agreement have been met, which may include the achievement of performance goals (as described below). Such restrictions will not expire less than three years from the date on which the restricted stock was awarded if the restrictions are based on the passage of time, or less than one year from the date on which the restricted stock was awarded if the restrictions are based on the achievement of performance goals. However, the Committee may in its discretion provide that restrictions will expire at an earlier time as a result of the disability, death or retirement of a Participant, or the occurrence of a change of control. The restricted stock will be forfeited if the restrictions are not met.

Restricted Stock Unit Awards. The Committee may grant restricted stock units, which will be the right to receive Company Stock or cash subject to certain terms and conditions. Such restrictions may include the achievement of performance goals (as described below). Restrictions will not expire less than three years from the date on which the restricted stock units were awarded if the restrictions are based on the passage of time, or less than one year from the date on which the restricted stock units were awarded if the restrictions are based on the achievement of performance goals. However, the Committee may in its discretion provide that restrictions will expire at an earlier time as a result of the disability, death or retirement of a Participant, or the occurrence of a change of control. Similar to restricted stock, restricted stock units cannot be sold or transferred by a Participant until the applicable restrictions expire or have been met. Restricted stock units may be paid in Company Stock, cash or in a combination of Company Stock or cash.

Performance Grants; Performance Goals. Performance grants are subject to the achievement of pre-established performance goals and are administered to comply with the requirements of Section 162(m) of the Internal Revenue Code. Performance goals use objective and quantifiable performance criteria. The performance criteria that the Committee may use in establishing performance goals for performance grants (and for performance-based restricted stock and performance-based restricted stock units) are total shareholder return; revenue; gross profit; earnings before interest, taxes, depreciation and amortization; earnings before interest and taxes; operating income; pre-tax earnings; net operating profit after taxes; net income; earnings per share; gross margin; operating margin; net margin; operating cash flow; free cash flow; return on assets; return on invested capital; and return on equity. Performance criteria may be used to measure the performance of the Company as a whole or any business unit of the Company, and may be measured relative to a peer group or index. The Committee sets threshold target and maximum amounts payable under the performance grant. The Participant receives the appropriate payments at the end of the performance period if the performance goals (and other terms and conditions of the award) are met. The actual payments under a performance grant can be made in cash, Company Stock, or both, as determined by the Committee.

The aggregate maximum cash amount payable under the Stock Incentive Plan in any single taxable year of the Company to any Participant who is an employee of the Company or its subsidiaries cannot exceed \$500,000. The Committee must make performance grants prior to the earlier of the 90th day of the period for which the performance grant relates or the completion of 25% of such period.

Outside Director Awards. Each Outside Director will receive an award of restricted stock beginning on the tenth business day of January 2006, and on the tenth business day of January of each following calendar year. The number of shares of restricted stock awarded to an Outside Director will be determined by dividing fifty percent of the total annual fees payable for serving as an Outside Director by the fair market value of the Company's stock on the award date, and rounding to the nearest whole share. The restricted stock will become fully vested, and the restrictions applicable to the restricted stock will lapse, on the third anniversary of the date on which the restricted stock was granted, or if earlier, when the Outside Director dies, is disabled, the Annual Shareholders Meeting following the Outside Director's attainment of age 75, or a change in control of the Company.

Change in Control. When granting Incentive Awards, the Committee may allow the awards to become fully exercisable, vested or payable upon the occurrence of a change in control (as defined in the Stock Incentive Plan).

Term of the Stock Incentive Plan. The Stock Incentive Plan will become effective on March 30, 2005 if approved by the Company's shareholders, as described below. The Stock Incentive Plan will automatically terminate at the close of business on March 30, 2010.

Termination of the Stock Incentive Plan. The Board may terminate the Stock Incentive Plan at any time. Termination will not adversely affect any Incentive Award outstanding at the time of termination.

Amendment of the Plan or Incentive Awards. The Board may amend or terminate the Stock Incentive Plan in any manner as it deems advisable. However, if and to the extent required by the Internal Revenue Code or NASDAQ, shareholders must approve amendments that would:

- increase the number of shares of Company Stock that are reserved and available for issuance under the Stock Incentive Plan;
- materially modify the requirements as to eligibility to participate in the Stock Incentive Plan;
- materially increase the benefits that Participants may receive under the Stock Incentive Plan; or
- expand the types of Incentive Awards provided for under the Stock Incentive Plan.

The Board can amend unilaterally the Stock Incentive Plan (subject to the foregoing limitations) and Incentive Awards as it deems appropriate to ensure that the Stock Incentive Plan and Incentive Awards comply with any section of the Internal Revenue Code and with Rule 16b-3 under the Securities Exchange Act.

Transferability of Incentive Awards. Stock appreciation rights may be transferable by a Participant and exercised by someone other than the Participant only if permitted under the terms of the Incentive Award. Restricted stock awards are not transferable until restrictions related to such awards lapse or are terminated.

New Plan Benefits. No Incentive Awards have been granted to date under the Stock Incentive Plan, although it is anticipated that Incentive Awards will be granted during 2005 and in later years if the Stock Incentive Plan is approved by the Company's shareholders. Because the amount of awards to be received by any Participant (other than an Outside Director) is determined by the Committee in its sole discretion, the amount of future awards to be granted to any employee or group of employees under the Stock Incentive Plan in any particular year is not currently determinable.

The following table shows the number of shares underlying the restricted stock awards that automatically will be granted to the Outside Directors under the annual award program for Outside Directors, as described above.

Stock Incentive Plan Benefits

<u>Name and Position</u>	<u>Dollar Value of Restricted Stock Granted Annually (\$)⁽¹⁾</u>	<u>Number of Shares of Restricted Stock Granted Annually⁽²⁾</u>
W. Christopher Beeler, Jr.	\$ 16,500	651
John L. Gregory, III	13,500	533
Mark F. Schreiber	14,250	562
Robert A. Taylor	15,750	622
L. Dudley Walker	12,000	474
Henry G. Williamson, Jr.	14,250	562
Non-Management Directors as a Group (the above six individuals)	\$ 86,250	3,404

(1) This amount is equal to one-half of the total annual fees payable to each director for fiscal 2005 as of February 15, 2005. The actual dollar value of restricted stock granted would be based on the total annual fees payable to the director as of the date on which the award is granted.

(2) This amount is based on the closing price of the Company Stock on February 15, 2005, which was \$25.34. The actual dollar value of each restricted stock award will depend on the value of Company Stock as of the date on which the award is granted.

Federal Income Tax Consequences.

Restricted Stock. A Participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, the Participant recognizes ordinary income in the first taxable year in which his or her interest in the shares becomes either: (i) freely transferable; or (ii) no longer subject to

substantial risk of forfeiture. The amount of taxable income is equal to the fair market value of the shares less the cash, if any, paid for the shares.

A Participant may elect to recognize income at the time he or she receives restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award.

The Company receives a compensation expense deduction in an amount equal to the ordinary income recognized by the Participant in the taxable year in which restrictions lapse (or in the taxable year of the awards if, at any time, the Participant had filed a timely election to accelerate recognition of income).

Other Incentive Awards. A Participant will realize ordinary income in an amount equal to any cash and the fair market value of any shares of Company Stock that are paid or delivered in connection with settlement of a stock appreciation right, a restricted stock unit or a performance grant. In that taxable year, the Company will receive a federal income tax deduction in an amount equal to the ordinary income that the Participant has recognized. However, these types of Incentive Awards generally are subject to special federal income tax rules that apply to “nonqualified deferred compensation plans” that were enacted as part of the American Jobs Creation Act of 2004 (the “Act”), and which became effective on January 1, 2005. Failure to comply with the new rules or qualify for an exemption could result in significant adverse tax results to Participants, including immediate taxation of benefits under the Incentive Award, a penalty of 20 percent of the benefits under the Incentive Award (and benefits under other Incentive Awards subject to the Act), plus a special interest payment. It is possible that the tax consequences described above for certain types of Incentive Awards will change as a result of interpretations of the Act to be issued by federal tax authorities. The Board intends to exercise its discretionary authority to amend the Stock Incentive Plan as it deems appropriate to cause the Stock Incentive Plan to comply with the Act, consistent with the interpretations of federal tax authorities. In exercising this authority, the Board may, among other actions, eliminate the availability of one or more types of Incentive Awards. In addition, the Stock Incentive Plan and Incentive Awards granted under the Stock Incentive Plan will be operated with the intent to comply with the Act or to qualify for one or more exemptions from the Act.

Million Dollar Deduction Limit. The Company may not deduct compensation of more than \$1 million that is paid to an individual who, on the last day of the taxable year, is either the Company’s Chief Executive Officer or is among one of the four other most highly-compensated officers for that taxable year as reported in the Company’s proxy statement. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The Company believes that Incentive Awards in the form of stock appreciation rights, performance-based restricted stock, performance-based restricted stock units and performance grants will constitute qualified performance-based compensation and, as such, will be exempt from the \$1 million limitation on deductible compensation.

Approval by Shareholders. In order to be adopted, the Stock Incentive Plan must be approved by the affirmative vote of a majority of the total votes cast on the proposal.

The Board of Directors recommends a vote FOR approval of the 2005 Stock Incentive Plan.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRMS

The Audit Committee of the Board of Directors has selected the firm of KPMG LLP as its independent registered public accounting firm for the Company for fiscal 2005. KPMG LLP has served as the Company's independent registered public accounting firm since fiscal 2003.

Representatives of KPMG are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Change in Accountant

On September 30, 2002, the Company engaged KPMG to serve as the Company's principal accountant to audit the Company's financial statements for the fiscal year ending November 30, 2003. BDO Seidman, LLP, the Company's previous principal accountant, continued to serve as the Company's principal accountant to audit the Company's financial statements for the fiscal year ended November 30, 2002, through the completion of that audit and the date of the Company's Annual Report on Form 10-K for that period. The change in the Company's principal accountant was recommended by the Audit Committee and approved by the Board of Directors.

The reports of BDO Seidman with respect to the Company's financial statements for fiscal years 2001 and 2002 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During fiscal years 2001 and 2002 and the period from November 30, 2002 through the end of BDO Seidman's engagement by the Company, there were no disagreements between the Company and BDO Seidman on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO Seidman, would have caused BDO Seidman to make reference to the subject matter of the disagreements in its report on the Company's financial statements for such years.

During fiscal years 2001 and 2002 and the period from November 30, 2002 to the date of the Company's Annual Report on Form 10-K for the year ended November 30, 2002, the Company did not consult with KPMG regarding either the application of accounting principles to a specified transaction, the type of audit opinion that might be rendered on the Company's financial statements, or any matter that was the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K under the Securities Exchange Act, or reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company has provided BDO Seidman and KPMG with a copy of the foregoing disclosures.

Principal Accountant Fees and Services

The following table presents fees billed to the Company by KPMG for the fiscal years ended November 30, 2004 and 2003:

	2004	2003
Audit Fees	\$ 740,000	\$ 218,000
Audit Related Fees	103,000	None
Tax Fees	23,000	31,000
All Other Fees	None	None

Audit Fees include KPMG's fees for audit services, including the audit of the Company's annual financial statements and related attestation work required by Section 404 of the Sarbanes-Oxley Act of 2002 (beginning in 2004), review of the Company's quarterly financial statements included in its Forms 10-Q and review of SEC filings. Audit Fees for 2004 include estimated fees of \$147,000, which have not yet been billed by KPMG.

Audit-Related Fees include fees billed by KPMG in 2004 for audit-related services not otherwise reported in the preceding paragraph for review and assistance related to the Company's Sarbanes-Oxley Section 404 compliance efforts.

Tax Fees include fees billed by KPMG for tax planning and compliance services and advice.

All Other Fees. There were no other fees billed by KPMG in fiscal 2004 or fiscal 2003.

Audit Committee Preapproval of Audit and Non-Audit Services

The Audit Committee is required to preapprove all audit and permitted non-audit services provided by KPMG, the Company's auditing firm. The Audit Committee has authorized the Committee Chair to preapprove such services between meetings of the Committee up to \$15,000 during any fiscal quarter and \$50,000 during any fiscal year. The Committee Chair must report any preapproval to the Committee at its next meeting. Less than 1% of aggregate audit-related fees and tax fees were approved by the Committee pursuant to the *de minimus* waiver of the pre-approval requirement set forth in Regulation S-X 2.01(c)(7)(i) (C).

OTHER BUSINESS

Management knows of no other business that will be presented for consideration at the Annual Meeting, but should any other matters be brought before the meeting, it is intended that the persons named in the accompanying proxy will vote that proxy at their discretion.

ADDITIONAL INFORMATION

Voting Procedures

Votes will be tabulated by one or more Inspectors of Elections. A majority of the total votes entitled to be cast on matters to be considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for quorum purposes and for all other matters as well. Abstentions and shares held of record by a broker or its nominee ("Broker Shares") that are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. However, Broker Shares that are not voted on any matter at the Annual Meeting will not be included in determining whether a quorum is present at the meeting.

In the election of directors, the eight nominees receiving the greatest number of votes cast in the election of directors will be elected. Votes that are withheld and Broker Shares that are not voted in the election of directors will not be included in determining the number of votes cast on the election of directors and, therefore, will have no effect on the election of directors. Actions on all other matters to come before the meeting, including the proposal to approve the Hooker Furniture Corporation 2005 Stock Incentive Plan, will be approved if the votes cast in favor of the action exceed the votes cast against it. Abstentions and Broker Shares that are not voted are not considered cast either for or against a matter and, therefore, will have no effect on the outcome of that matter.

No more than seventy-five thousand (75,000) shares may be allocated to the Incentive Awards, including the maximum shares payable under a Performance Grant, that are granted during any single Taxable Year to any individual Participant. Such restrictions shall not expire less than three years from the date on which the restricted stock was awarded if the restrictions are based on the passage of time, or less than one year from the date on which the restricted stock was awarded if the restrictions are based on the achievement of performance goals. However, the Committee may in its discretion provide that restrictions will expire at an earlier time as a result of the disability, death or retirement of a Participant, or the occurrence of a change in control.

5. Eligibility.

(a) All present and future key management employees of the Company or any subsidiary of the Company (whether now existing or hereafter created or acquired) whom the Committee determines to have contributed or who can be expected to contribute significantly to the Company or any subsidiary of the Company shall be eligible to receive Incentive Awards under the Plan. The Committee shall have the power and complete discretion, as provided in Section 16, to select eligible key management employees to receive Incentive Awards and to determine for each employee the nature of the award and the terms and conditions of each Incentive Award.

(b) The grant of an Incentive Award shall not obligate the Company or any subsidiary of the Company to pay an employee any particular amount of remuneration, to continue the employment of the employee after the grant or to make further grants to the employee at any time thereafter.

(c) Present and future Outside Directors shall be eligible to receive Restricted Stock pursuant to the terms of Section 11 of the Plan. Outside Directors shall not be entitled to receive any other types of Incentive Awards under the Plan.

6. Restricted Stock Awards.

(a) The Committee may make grants of Restricted Stock to Participants. Whenever the Committee deems it appropriate to grant Restricted Stock, notice shall be given to the Participant stating the number of shares of Restricted Stock granted and the terms and conditions to which the Restricted Stock is subject. This notice, when accepted in writing by the Participant, shall become the award agreement between the Company and the Participant. Restricted Stock may be awarded by the Committee in its discretion without cash consideration.

(b) No shares of Restricted Stock may be sold, assigned, transferred, pledged, hypothecated, or otherwise encumbered or disposed of until the restrictions on such shares as set forth in the Participant's Grant Agreement have expired or been removed pursuant to paragraph (d) or (e) below.

(c) Upon the acceptance by a Participant of an award of Restricted Stock, such Participant shall, subject to the restrictions set forth in paragraph (b) above, have all the rights of a shareholder with respect to such shares of Restricted Stock, including, but not limited to, the right to vote such shares of Restricted Stock and the right to receive all dividends and other distributions paid thereon. Certificates representing Restricted Stock shall be held by the Company until the restrictions expire and the Participant shall provide the Company with appropriate stock powers endorsed in blank.

(d) The Committee shall establish as to each award of Restricted Stock the terms and conditions upon which the restrictions set forth in paragraph (b) above shall expire. The terms and conditions may include the achievement of a Performance Goal. Restrictions conditioned on the passage of time shall not expire less than three years from the Date of Grant of the Restricted Stock, and restrictions conditioned on the achievement of Performance Goals shall not expire less than one year from the Date of Grant. Notwithstanding the foregoing, the Committee may in its discretion, and without limitation, provide that restrictions will expire as a result of the Disability, death or retirement of the Participant or the occurrence of a Change in Control. The terms and conditions of a Restricted Stock award shall be governed by the provisions of Section 9 to the extent that the award is intended to comply with the requirements of Code section 162(m).

(e) Notwithstanding the provisions of paragraph (b) above, the Committee may at any time, in its sole discretion, modify the terms and conditions of a Restricted Stock Award (including any or all of the restrictions applicable thereto), subject to the restrictions of Section 9 as to any Performance Goal if the award is intended to comply with the requirements of Code section 162(m).

(f) Each Participant shall agree at the time his or her Restricted Stock is granted, and as a condition thereof, to pay to the Company, or make arrangements satisfactory to the Company regarding the payment to the Company of, Applicable Withholding Taxes. Until such amount has been paid or arrangements satisfactory to the Company have been made, no stock certificate free of a legend reflecting the restrictions set forth in paragraph (b) above shall be issued to such Participant. As an alternative to making a cash payment to the Company to satisfy Applicable Withholding Taxes, if the terms of the grant so permit, the Participant may elect to (i) to deliver Mature Shares (valued at their Fair Market Value) or (ii) to have the Company retain that number of shares of Company Stock (valued at their Fair Market Value) that would satisfy all or a specified portion of the Applicable Withholding Taxes.

7. Restricted Stock Unit Awards.

(a) The Committee may make grants of Restricted Stock Units to Participants. Whenever the Committee deems it appropriate to grant Restricted Stock Units, notice shall be given to the Participant stating the number of Restricted Stock Units granted and the terms and conditions to which the Restricted Stock Units are subject. This notice, when duly accepted in writing by the Participant, shall become the award agreement between the Company and the Participant. Restricted Stock Units may be awarded by the Committee in its discretion without cash consideration.

- (b) Restricted Stock Units shall be subject to such restrictions as the Committee determines, including, without limitation, any of the following:
- (i) a prohibition against sale, assignment, transfer, pledge, hypothecation or other encumbrance for a specified period; or
 - (ii) a requirement that the holder forfeit such units in the event of termination of employment during the period of restriction.

All restrictions shall expire at such times as the Committee shall specify. Restrictions conditioned on the passage of time shall not expire less than three years from the Date of Grant of the Restricted Stock Units, and restrictions conditioned on the achievement of performance goals shall not expire less than one year from the Date of Grant. Notwithstanding the foregoing, the Committee may in its discretion, and without limitation, provide that restrictions will expire as a result of the Disability, death or retirement of the Participant or the occurrence of a Change in Control. In addition, the Committee may at any time, in its sole discretion, modify the terms and conditions of a Restricted Stock Unit Award (including any or all of the restrictions applicable thereto), subject to the restrictions of Section 9 as to any Performance Goal if the award is intended to comply with the requirements of Code section 162(m).

(c) The Committee may also establish such other terms and conditions as it deems appropriate for an award of Restricted Stock Units. The terms and conditions may include the achievement of a Performance Goal. The terms and conditions of a Restricted Stock Unit award shall be governed by the provisions of Section 9 to the extent that the award is intended to comply with the requirements of Code section 162(m).

(d) Each Participant shall agree at the time his or her Restricted Stock Units are granted, and as a condition thereof, to pay to the Company or make arrangements satisfactory to the Company regarding the payment to the Company of, Applicable Withholding Taxes. Until such amount has been paid or arrangements satisfactory to the Company have been made, no stock certificates shall be issued to such Participant. As an alternative to making a cash payment to the Company to satisfy Applicable Withholding Taxes, if the terms of the grant so permit, the Participant may elect to (i) deliver Mature Shares or (ii) have the Company retain the number of shares of Company Stock (valued at their Fair Market Value) that would satisfy all or a specified portion of the Applicable Withholding Taxes.

(e) Except to the extent this Plan or the Committee specifies otherwise, Restricted Stock Units represent an unfunded and unsecured obligation of the Company and do not confer any of the rights of a

shareholder until shares of Company Stock are issued thereunder. Settlement of Restricted Stock Units upon expiration of the vesting period or any later payment date shall be made in shares of Company Stock or otherwise as determined by the Committee. The number of shares, or other settlement medium, to be so distributed may be increased by an interest factor or by dividend equivalents. Until a Restricted Stock Unit is so settled, the number of shares represented by a Restricted Stock Unit shall be subject to adjustment pursuant to Section 15. Any Restricted Stock Units that are settled after the Participant's death shall be distributed to the Participant's designated beneficiary(ies) or, if none was designated, the Participant's estate.

8. *Stock Appreciation Rights.*

(a) Whenever the Committee deems it appropriate, Stock Appreciation Rights may be granted in a separate Incentive Award.

(b) The following provisions apply to all Stock Appreciation Rights that are granted under the Plan:

(i) The exercise price of shares of Company Stock covered by a Stock Appreciation Right shall be not less than 100% of the Fair Market Value of such shares on the Date of Grant.

(ii) Stock Appreciation Rights shall entitle the Participant, upon exercise of all or any part of the Stock Appreciation Rights, to receive in exchange from the Company shares of Company Stock equal in value to the excess of (x) the Fair Market Value on the date of exercise of the Company Stock covered by the surrendered Stock Appreciation Right over (y) the Fair Market Value of the Company Stock on the Date of Grant of the Stock Appreciation Right. The Committee may limit the number of shares of Company Stock that the Participant will be entitled to receive upon exercise of Stock Appreciation Rights.

(iii) A Stock Appreciation Right may only be exercised at a time when the Fair Market Value of the Company Stock covered by the Stock Appreciation Right exceeds the Fair Market Value of the Company Stock on the Date of Grant of the Stock Appreciation Right.

(iv) No Stock Appreciation Right shall include any feature or right for the deferral of compensation, including, but not limited to, an agreement or arrangement under which the Company would purchase from the Participant (or any other holder of the Stock Appreciation Right) any of the shares of Company Stock delivered or to be delivered upon exercise of the Stock Appreciation Right.

(c) The manner in which the Company's obligation arising upon the exercise of a Stock Appreciation Right shall be paid shall be determined by the Committee and shall be set forth in the Incentive Award. The Incentive Award shall provide for payment in Company Stock. Shares of Company Stock issued upon the exercise of a Stock Appreciation Right shall be valued at their Fair Market Value on the date of exercise.

9. *Performance Grants.*

(a) Each Performance Grant shall be evidenced by an agreement (a "Grant Agreement") setting forth the Performance Goals for the award, including the Performance Criteria, the target and maximum amounts payable and such other terms and conditions as are applicable to the Performance Grant. Each Performance Grant shall be granted and administered to comply with the requirements of Code section 162(m). The aggregate maximum cash amount payable under the Plan in any Taxable Year to any Participant (who is an employee of the Company or any subsidiary of the Company) shall not exceed \$500,000. In the event of any conflict between a Grant Agreement and the Plan, the terms of the Plan shall govern.

(b) The Committee shall establish the Performance Goals for Performance Grants. The Committee shall determine the extent to which any Performance Criteria shall be used and weighted in determining Performance Grants. The Committee may vary the Performance Criteria, Performance Goals and

weightings from Participant to Participant, Performance Grant to Performance Grant and Plan Year to Plan Year. The Committee may increase, but not decrease, any Performance Goal during a Plan Year.

(c) The Committee shall establish for each Performance Grant the amount of cash or Company Stock payable at specified levels of performance, based on the Performance Goal for each Performance Criteria. Any Performance Grant shall be made not later than 90 days after the start of the period for which the Performance Grant relates and shall be made prior to the completion of 25% of such period. All determinations regarding the achievement of any Performance Goals will be made by the Committee. The Committee may not increase during a Plan Year the amount of cash or Common Stock that would otherwise be payable upon achievement of the Performance Goal or Goals but may reduce or eliminate the payments as provided in a Performance Grant.

(d) The actual payments to a Participant under a Performance Grant will be calculated by applying the achievement of a Performance Criteria to the Performance Goal as established in the Grant Agreement. All calculations of actual payments shall be made by the Committee and the Committee shall certify in writing the extent, if any, to which the Performance Goals have been met.

(e) Performance Grants will be paid in cash, Company Stock or both, at such time or times as are provided in the Grant Agreement. The Committee may provide in the Grant Agreement that the Participant may make a prior election to defer the payment under a Performance Grant subject to such terms and conditions as the Committee may determine.

(f) Nothing contained in the Plan will be deemed in any way to limit or restrict any Company or the Committee from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

(g) A Participant who receives a Performance Grant payable in Company Stock shall have no rights as a shareholder until the Company Stock is issued pursuant to the terms of the Performance Grant. The Company Stock may be issued without cash consideration.

(h) A Participant's interest in a Performance Grant may not be sold, assigned, transferred, pledged, hypothecated, or otherwise encumbered.

(i) Whenever payments under a Performance Grant are to be made in cash, the Company will withhold therefrom an amount sufficient to satisfy any Applicable Withholding Taxes. Each Participant shall agree as a condition of receiving a Performance Grant payable in the form of Company Stock, to pay to the Company, or make arrangements satisfactory to the Company regarding the payment to the Company of, Applicable Withholding Taxes. Until such amount has been paid or arrangements satisfactory to the Company have been made, no stock certificate shall be issued to such Participant. As an alternative to making a cash payment to the Company to satisfy Applicable Withholding Taxes, if the grant so permits, the Participant may elect to (i) to deliver Mature Shares (valued at their Fair Market Value) or (ii) to have the Company retain that number of shares of Company Stock (valued at their Fair Market Value) that would satisfy all or a specified portion of the Applicable Withholding Taxes.

10. Method of Exercise of Stock Appreciation Rights.

(a) Stock Appreciation Rights may be exercised by the Participant giving written notice of the exercise to the Company, stating the number of Stock Appreciation Rights the Participant has elected to exercise.

(b) The Company may place on any certificate representing Company Stock issued upon the exercise of a Stock Appreciation Right any legend deemed desirable by the Company's counsel to comply with federal or state securities laws, and the Company may require a customary written indication of the Participant's investment intent. Until the Participant has made any required payment, including any

Applicable Withholding Taxes, and has had issued a certificate for the shares of Company Stock acquired, he or she shall possess no shareholder rights with respect to the shares.

(c) Each Participant shall agree as a condition of the exercise of a Stock Appreciation Right, to pay to the Company, or make arrangements satisfactory to the Company regarding the payment to the Company of, Applicable Withholding Taxes. Until such amount has been paid or arrangements satisfactory to the Company have been made, no stock certificate shall be issued upon the exercise of a Stock Appreciation Right.

(d) As an alternative to making a cash payment to the Company to satisfy Applicable Withholding Taxes, if the Stock Appreciation Rights agreement so provides, the Participant may elect to (i) to deliver Mature Shares (valued at their Fair Market Value) or (ii) to have the Company retain that number of shares of Company Stock (valued at their Fair Market Value) that would satisfy all or a specified portion of the Applicable Withholding Taxes.

11. *Annual Restricted Stock Award for Outside Directors.* On the tenth business day of January of 2006 and of each subsequent Plan Year (the "Annual Grant Date"), each Outside Director shall be granted, without further action on the part of the Board or the Committee, shares of Restricted Stock. The number of shares of Restricted Stock awarded to an Outside Director each Plan Year shall be determined by dividing an amount equal to fifty percent (50%) of the total fees payable to the Outside Director for the Plan Year, by the Fair Market Value of Company Stock on the Annual Grant Date, and rounded to the nearest whole share. The award agreement evidencing such grant of Restricted Stock shall provide that the Restricted Stock will become fully vested, and the restrictions (as determined in accordance with Section 6) applicable to Restricted Stock Awards shall lapse, on the third anniversary of the Annual Grant Date if the Outside Director continuously serves as an Outside Director from the Annual Grant Date to the third anniversary of such date or, if earlier, the date on which the Outside Director dies, becomes Disabled, the first Annual Meeting of the Company's shareholders following the Outside Director's attainment of age 75, or the occurrence of a Change in Control of the Company.

12. *Transferability of Stock Appreciation Rights.* Stock Appreciation Rights may be transferable by a Participant and exercisable by a person other than the Participant, but only to the extent specifically provided in the Incentive Award.

13. *Effective Date of the Plan.* This Plan was approved by the Board on January 12, 2005, and will become effective on March 30, 2005 subject to approval by the affirmative vote of the holders of a majority of the votes cast at the 2005 Annual Meeting of the Company's shareholders.

14. *Termination, Modification, Change.* If not sooner terminated by the Company's board of directors, this Plan shall terminate at the close of business on March 30, 2010. No Incentive Awards shall be made under the Plan after its termination. The Board may amend or terminate the Plan in such respects as it shall deem advisable; provided that, if and to the extent required by the Code or by requirements of the NASDAQ Stock Market, no change shall be made that increases the total number of shares of Company Stock reserved for issuance pursuant to Incentive Awards granted under the Plan (except pursuant to Section 15), materially modifies the requirements as to eligibility for participation in the Plan, materially increases the benefits accruing to Participants under the Plan, or expands the types of Incentive Awards provided under the Plan, unless such change is authorized by the shareholders of the Company. The Board may unilaterally amend Incentive Awards with respect to Participants, and the Plan subject to the limitations described in the preceding sentence, as it deems appropriate to ensure compliance with Rule 16b-3 and to cause the Plan and any Incentive Awards to meet the requirements of the Code and regulations and other interpretation and guidance issued thereunder, including but not limited to Code section 409A. Except as provided in the preceding sentence, a termination or amendment of the Plan shall not, without the consent of the Participant, adversely affect a Participant's rights under an Incentive Award previously granted to him or her.

15. *Change in Capital Structure.*

(a) In the event of a stock dividend, stock split or combination of shares, recapitalization or merger in which the Company is the surviving corporation or other change in the Company's capital stock (including, but not limited to, the creation or issuance to shareholders generally of rights, options or warrants for the purchase of common stock or preferred stock of the Company), the number and kind of shares of stock or securities of the Company to be subject to the Plan, the maximum number of shares or securities which may be delivered under the Plan, the maximum number of shares or securities that can be granted to an individual Participant under Section 4, the exercise price, the terms of Incentive Awards and other relevant provisions shall be appropriately adjusted by the Committee, whose determination shall be binding on all persons.

(b) If the Company is a party to a consolidation or a merger in which the Company is not the surviving corporation, a transaction that results in the acquisition of substantially all of the Company's outstanding stock by a single person or entity, or a sale or transfer of substantially all of the Company's assets, the Committee may take such actions with respect to outstanding Incentive Awards as the Committee deems appropriate.

(c) Notwithstanding anything in the Plan to the contrary, the Committee may take the foregoing actions without the consent of any Participant, and the Committee's determination shall be conclusive and binding on all persons for all purposes.

16. *Administration of the Plan.*

(a) The Plan shall be administered by the Committee. Subject to the express provisions and limitations set forth in this Plan, the Committee shall be authorized and empowered to do all things necessary or desirable, in its sole discretion, in connection with the administration of this Plan, including, without limitation, the following:

(i) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein;

(ii) to determine which persons are Participants, to which of such Participants, if any, Incentive Awards shall be granted hereunder and the timing of any such Incentive Awards, and to grant Incentive Awards;

(iii) to grant Incentive Awards to Participants and determine the terms and conditions thereof, including the number of shares of Company Stock subject to Incentive Awards and the exercise or purchase price of such shares of Company Stock and the circumstances under which Incentive Awards become exercisable or vested or are forfeited or expire, which terms may but need not be conditioned upon the passage of time, continued employment, the satisfaction of Performance Goals, the occurrence of certain events, or other factors;

(iv) to establish or verify the extent of satisfaction of any Performance Goals or other conditions applicable to the grant, issuance, exercisability, vesting and/or ability to retain any Incentive Award;

(v) to prescribe and amend the terms of the award agreements or other documents evidencing Incentive Awards made under this Plan (which need not be identical);

(vi) to determine whether, and the extent to which, adjustments are required pursuant to Section 15;

(vii) to interpret and construe this Plan, any rules and regulations under this Plan and the terms and conditions of any Incentive Award granted hereunder, and to make exceptions to any such provisions in good faith and for the benefit of the Company; and

(viii) to make all other determinations deemed necessary or advisable for the administration of this Plan.

The Committee shall have the power to amend the terms of previously granted Incentive Awards that were granted by that Committee so long as the terms as amended are consistent with the terms of the Plan and provided that the consent of the Participant is obtained with respect to any amendment that would be detrimental to him or her, except that such consent will not be required if such amendment is for the purpose of complying with Rule 16b-3, Code section 409A or any other section or requirement of the Code applicable to the Incentive Award.

(b) The interpretation and construction of any provision of the Plan by the Committee shall be final and conclusive as to any Participant. The Committee may consult with counsel, who may be counsel to the Company, and shall not incur any liability for any action taken in good faith in reliance upon the advice of counsel.

(c) A majority of the members of the Committee shall constitute a quorum, and all actions of the Committee shall be taken by a majority of the members present. Any action may be taken by a written instrument signed by all of the members, and any action so taken shall be fully effective as if it had been taken at a meeting.

(d) The Committee may delegate the administration of the Plan to an officer or officers of the Company, and such administrator(s) may have the authority to execute and distribute agreements or other documents evidencing or relating to Incentive Awards granted by the Committee under this Plan, to maintain records relating to the grant, vesting, exercise, forfeiture or expiration of Incentive Awards, to process or oversee the issuance of shares of Company Stock upon the exercise, vesting and/or settlement of an Incentive Award, to interpret the terms of Incentive Awards and to take such other actions as the Committee may specify, provided that in no case shall any such administrator be authorized to grant Incentive Awards under the Plan. Any action by any such administrator within the scope of its delegation shall be deemed for all purposes to have been taken by the Committee and references in this Plan to the Committee shall include any such administrator, provided that the actions and interpretations of any such administrator shall be subject to review and approval, disapproval or modification by the Committee.

17. *Notice.* All notices and other communications required or permitted to be given under this Plan shall be in writing and shall be deemed to have been duly given if delivered personally or mailed first class, postage prepaid, as follows (a) if to the Company—at the principal business address of the Company to the attention of the Corporate Secretary of the Company; and (b) if to any Participant—at the last address of the Participant known to the sender at the time the notice or other communication is sent.

18. *Compliance with the Code.* The terms of this Plan are subject to the provisions of the Code and all present and future regulations and rulings of the Secretary of the Treasury of the United States or his or her delegate with respect to provisions of the Code, including but not limited to Code section 409A. The Committee shall interpret the Plan in a manner that will cause the Plan and any Incentive Award to comply with all applicable provisions of the Code.

19. *General Provisions.*

(a) The adoption of this Plan and any setting aside of cash amounts or shares of Company Stock by the Company with which to discharge its obligations hereunder shall not be deemed to create a trust or other funded arrangement. The benefits provided under this Plan shall be a general, unsecured obligation of the Company payable solely from the general assets of the Company, and neither a Participant nor a Participant's permitted transferees or estate shall have any interest in any assets of the Company by virtue of this Plan, except as a general unsecured creditor of the Company. Notwithstanding the foregoing, the Company shall have the right to implement or set aside funds in a grantor trust subject to the claims of the Company's creditors to discharge its obligations under the Plan.

(b) The adoption of the Plan shall not affect any other stock incentive or other compensation plans in effect for the Company or any subsidiary of the Company, nor shall the Plan preclude the Company from establishing any other forms of stock incentive or other compensation for employees or Outside Directors of the Company or any subsidiary of the Company.

(c) The Plan shall be binding upon the Corporation, its successors and assigns, and the Participant, his executor, administrator and permitted transferees and beneficiaries.

(d) This Plan and any award agreements or other documents entered into in connection with the Plan shall be interpreted and construed in accordance with the laws of the Commonwealth of Virginia and applicable federal law.
