ITEM 7.01 Regulation FD Disclosure.

On February 14, 2005, Hooker Furniture Corporation filed a Form 12b-25 with the Securities and Exchange Commission indicating that the Company would be late in filing its Annual Report on Form 10-K for the year ended November 30, 2004. The Company has delayed the filing of its Form 10-K in order to resolve whether the Company's \$4.6 million in outstanding industrial revenue bonds should properly be characterized as short-term debt under applicable accounting guidance.

The Company's total long-term debt outstanding at November 30, 2004 was \$16.5 million (\$23.1 million, less \$6.7 million in current maturities). At year end, the Company had \$4.6 million outstanding under its industrial revenue bonds, with \$2.4 million scheduled to come due during fiscal 2005. A re-characterization of the industrial revenue bonds would result in the remaining \$2.2 million of outstanding bonds to also be characterized as short-term debt due during the current fiscal year. The bonds would also be characterized as short-term debt for prior years presented in the Company's financial statements included in its Form 10-K.

Regardless of the outcome, there would be no impact on the Company's previously announced results of operations for the year ended November 30, 2004, or for any other period, nor would it change the scheduled maturities of the bonds.
